Your Own **Safety Team**

When **YOU** need it

Where **YOU** need it

The  
**Safety  
Advisor  
Service**

*safety should never be an uphill struggle*

# When **YOU** need it, Where **YOU** need it

## How Does It Work

We sit down with you, listen, advise and agree the level of support that best fits your organisations needs; this translates into a set number of days that are used to deliver the consultancy or training services that you select— WHEN and HOW you want them ...

Throughout we always develop programmes and actions in response to YOUR needs. We report on progress and provide updates on the effectiveness of your health & safety arrangements to keep you compliant.

Fees are charged on a fixed price annual contract and the cost is spread over 12 equal monthly payments according to how many days you require. The time available within your contract can be monitored by your Consultant and Project Manager.

The service includes access to unlimited telephone support during normal working hours.

*It's that simple!*

## Example Package

Remember, each package is specifically tailored to the objectives of your organisation.

Eg... A small company with approx. 20 employees and with no significant health & Safety hazards may simply require a couple of visits a year and access to our telephone services or,

Eg... A large manufacturing business with employees exposed to a wide range of hazardous situations or activities may require 6—10 days bespoke health & safety support together with access to telephone services. Typically you may require:

- Gap analysis
- Staff Training (e.g Fire Warden, Noise etc)
- Inspections and audits
- Incident Investigation
- Risk Assessments
- Policies and Procedures

## QCS International Ltd

QCS International Ltd is a specialist Quality, Environmental and Health & Safety Consultancy and is part of the PHSC Plc group of companies.

The Group includes a range of companies offering specialist safety services. All of these services are offered seamlessly to clients of all of the companies within the Group. This means that it is fast and simple for one company to delegate assignments, in whole or in part, to another member of the Group without involving the client in any extra paperwork.

Our Safety Advisor Service gives you access to these resources and the expertise of any of our specialists, providing you with the convenience of a one-stop shop, with the added security of knowing that you are dealing with an expert in each discipline.

At QCS International we always look to provide clear, practical advice, which reduces the risk of accidents and incidents occurring and just as importantly, we are there to help you if you do have any problems as we pride ourselves on our excellent customer support.
